Upon review of the upper pan and the back tower angles, #2 bares out at start to #4 and is a little slow. #1 fills the void and moves out from the rail but appears to be clear. #2 has to check but not of any fault of #1. The Stewards after review of the film and speaking with the riders involved, decided the #2's start was compromised prior to the #1 moving out to his path and disallowed the claim of foul.
