Back office

Oscar Andrade Jr. Review of our urging policies

Discussion with Ramiro Castillo and Cathy Mucklelstone about a horse that flipped in the paddock last week and subsequently cleared by the vet

Permission given to Caitlyn Montgomery to work as an out rider today. Previously licensed as a pony person. No licensing agent here today to obtain an association license

We were informed at 35 minutes to post that the TCO2 technician had only enough vials to test one horse in the first race. They had someone bringing them but was stuck in traffic. Decision was made to test one horse and the second selection would be tested 90 minutes post race. Supplies arrived before the second race and everything proceeded as normal.
