WEG is working closely with the HBPA, AGCO, and OMAFRA to ensure all protocols to protect equine welfare are adhered to.
The affected horse, in addition to, all remaining horses who were possibly exposed to the virus in the identified barn have been tested and are awaiting the results from the laboratory. Until such time, those horses will not be permitted to leave the barn and/or race.
Special bio security precautionary measures have been enacted to ensure any affected horse is isolated from the general horse population.

Woodbine Entertainment Group released a follow up report late this afternoon informing that 32 horses were tested and have returned a negative result.

Races 2, 4, 6 and 8 were removed from the inner turf, due to recent rains, and will run on the main Tapeta surface.
