INFORMATION GUIDE FOR NEW APPLICANTS

What is a Manufacturer's Licence?

The Registrar of Alcohol, Gaming and Racing ("Registrar") issues Manufacturer's Licences which allow manufacturers to sell their Ontario wine, beer, or spirits to the Liquor Control Board of Ontario (LCBO) for distribution in its system or by other approved means.

A Manufacturer's Licence is **NOT** a licence to manufacture liquor.

Things to know before applying

Contact Information

Prior to submitting an application for a Manufacturer's Licence to the AGCO, applicants should contact the LCBO to obtain information on relevant policies. Please refer to section 5, "Contacts for Research and Additional Information" located at the end of this guide.

Eligibility Criteria

To be eligible for a Manufacturer's Licence, applicants must be:

- Nineteen (19) years of age or older.
- Financially responsible.
- Conduct the business in accordance with the law and with integrity and honesty (please note that police records checks will be conducted on all individuals involved in an application).

Applicants are generally not permitted any direct or indirect financial ownership in an establishment holding a liquor sales licence (i.e. licensed restaurants and bars). Please refer to section 6 of the *Liquor Licence Act* for further information.

COMPLIANCE ASSURANCE - MAINTAINING YOUR LICENCE

Once a Manufacturer's Licence has been issued, the holder of the Licence is responsible for operating their business responsibly and in accordance with applicable laws and regulations. Licence holders will be subject to the following:

- **Regular renewal of the licence** – Manufacturer's Licences are valid for a period of two (2) years. As a courtesy, licence holders will be sent a renewal notice approximately 60 days prior to the expiry date shown on the licence. However, it remains the licensee's responsibility to ensure the licence is renewed on time.

- **Periodic inspections by AGCO Inspectors** - All locations may be inspected by AGCO Inspectors for compliance with the *Liquor Control Act*, *Liquor Licence Act* and their regulations. You must allow AGCO Inspectors unobstructed access to your business and you must facilitate their inspections.
- **Wine Taxes** - Wine and wine cooler manufacturers will collect the wine taxes and remit them to the Ministry of Finance on a monthly basis. For additional information, please contact the Ministry of Finance at 1-866-ONT-TAXS (1-866-668-8297) or visit www.fin.gov.on.ca.
- **Audit** – This includes on-site inspection and implementation of production controls and compliance with the *Wine Content and Labelling Act*, 2000.
- The *Liquor Licence Act*, its regulations and the **Registrar’s Advertising Guidelines** and **Sampling Guidelines**.
- **Any conditions attached to the licence.**
- **Mandatory Staff/Server Training** - The manufacturer must ensure that any person involved in the sale, service or sampling of liquor, or who are involved in taking orders for liquor from customers has successfully completed a server training course approved by the Board of the Alcohol and Gaming Commission of Ontario (the “Board”). The Board has approved the Smart Serve® Training Program. Please visit www.smartserve.ca for more information. *Please note that the AGCO recognizes The Server Intervention Program certification issued prior to May 1995.*

For more information on the **legal responsibilities** of a licence holder, please refer to the *Liquor Licence Act* and its regulations available at www.e-laws.gov.on.ca.

LICENCES/AUTHORIZATIONS RELATED TO A MANUFACTURER’S LICENCE (WINERY)

Current legislation allows other limited activities at the site of a wine manufacturer. Holders of a Manufacturer’s Licence may also be eligible for:

- The operation of an on-site winery retail store where eligible products made by the manufacturer may be sold directly to the public. Please refer to the AGCO’s **Winery Retail Store Information Guide** which may be found on the [AGCO website](http://www.agco.com) and Section 2 of this guide for further information.
- A Manufacturer’s Limited Liquor Sales Licence (“By the Glass”) allowing manufacturers to sell and serve their products for consumption on their manufacturing site(s) where the sale is primarily aimed at promoting the manufacturer’s product and either providing an enhanced tourist experience or fulfilling an educational purpose. Please refer to Section 3: Manufacturer’s Limited Liquor Sales Licence (“By the Glass”) of this guide for more information.

- The operation of a licensed premise on the manufacturing site. This allows a manufacturer to host an on-site restaurant/establishment where products may be “showcased” on their own or in conjunction with other brands and types of liquor. This type of licensed establishment, often referred to as a “Tied House” is exempt from the requirement of having to sell a variety of brands, and may provide for the full sale and service of liquor and food within the licensed premises. Please refer to the AGCO website and/or Section 4 of this guide for more information.

- An individual or a partnership decides to incorporate and become a corporation. In this case, the individual or the existing partners must be the only officers, directors and shareholders of the new corporation.
- A corporation with a sole officer, director and shareholder becomes a sole proprietorship and the single officer, director or shareholder of the former corporation is the sole proprietor.

Section 5: Liquor Sales Licence (“Tied House”)

WHAT IS A “TIED HOUSE” LIQUOR SALES LICENCE?

A “Tied House” for the manufacturing site of a winery allows the manufacturer to host an on-site restaurant/establishment where their products may be “showcased” on their own or in conjunction with other brands and types of liquor. The licensed establishment is exempt from the requirement of having to sell a variety of brands but must provide for the full sale and service of liquor and food within the licensed premises.

How do I apply?

For more information on “Tied Houses” and how to apply, including the applicable forms, please see the **AGCO website**.

OTHER INFORMATION FOR MANUFACTURERS

If a manufacturer's retail store is located on the same manufacturing site as a Tied House, the licensee may bring sealed, unopened liquor purchased from the retail store onto the licensed premises for the purposes of selling it to a patron. This allows restaurant patrons that wish to purchase product for personal use from the retail store to pay for the product on their restaurant bill.

Please Note: A wine manufacturing site may have both a Tied House and a Manufacturer's Limited Liquor Sales Licence. Patrons are permitted to move freely between the licensed areas with their beverages. However, licensees must ensure adherence to rules regarding the permissible hours of sale for each licence type.

Generally, the hours of liquor sales and service for Tied Houses are 11am-2am, on any day. Under a Manufacturer's Limited Liquor Sales Licence, wine may generally be sold between 11am-9pm, on any day.

More information on Tied Houses is available on the [AGCO website](#).
